OFFICIAL HOSPITALITY

24h LE MANS®
12-13th JUNE 2021
The 24 Hours of Le Mans is the largest endurance race in the world but it is much more than that. For the teams on the starting grid, the 24 Hours of Le Mans is the race of the year, the one not to be missed, a competition which they have spent the past twelve months preparing. Leading car manufacturers and the most famous drivers want to win this race at least once because it is a legend in the world of motor sports. Each year, more than 250,000 people gather in Le Mans to enjoy a festival of technology, speed and passion. In 2023, the 24 Hours of Le Mans will be celebrating its centenary. From the past to the future, this adventure has always guaranteed authenticity and modernity.
The 24 Hours of Le Mans is also legendary thanks to its 13,626 km non-permanent circuit along main roads that is equally demanding for the drivers and the machines. Leading names in the world of motor sports have accepted the challenge of the 24 Hours of Le Mans: Michael Schumacher, Jacky Ickx, Graham Hill, Mario Andretti, Henri Pescarolo, Jenson Button, and more. The event also attracts movie stars: Steve McQueen, Paul Newman, Patrick Dempsey (now Team Manager of the Dempsey-Proton Racing team), Brad Pitt (official Starter in 2016).

The race is also a popular and festive event with concerts, a funfair and increasingly immersive activities. In short, the 24 Hours of Le Mans is an unrivalled show to be experienced at least once in a lifetime.
